THE ILLUSTRATOR'S NOTEBOOK

Edited by Lee Kingman

Thirty-five illustrators of children's books discuss their philosophy and standards of illustration, the history of illustration, its place in the arts, its place as a means of communication in today's world, and their own experiences with various illustration techniques.

Some of the illustrators, like Lynd Ward, speak from years of experience. Others follow through the years up to recent Caldecott Award winners. 46 color illus. 54 B/W. Send for brochure.
